COMMUNITY INFORMATION SESSION

Intrapac Projects are planning a new rural community in Noonamah.

We are keen to share ideas with our neighbours and the broader community – and to hear your thoughts.

Everyone is welcome to attend this community information session to learn more about the process, design and planning for the new community.

Date: Saturday 23 May 2015
Time: Any time between 10am and 2pm
Venue: The Village Green hall, 85 Challoner Circuit, Opposite Taminmin College, Humpty Doo

Come along to:
• Talk to members of the project team and provide feedback
• View the draft masterplan concept
• View our vision for a new rural community

There is no fixed presentation time, rather members of the project team will be available for the entire duration to explain the project and to listen to your feedback and ideas.
