

**LITCHFIELD  
COUNCIL**

*Community effort is essential*

## COUNCILLOR SAYERS-HUNT

Elected to East Ward on 28 November 2015, re-elected on 26 August 2017.

Kirsty moved to the Northern Territory from Port Hedland in 2002 and has lived in the rural area for the past ten years.

Currently employed in the electoral office for the Federal Member for Lingiari, Kirsty enjoys working closely with the community to address their concerns and provide assistance on a range of matters related to the Federal Government. She has previously worked for her family's solar installation business, has managed the Tourism Accreditation Program within Tourism NT and as a Senior Contract Manager for the Federal Government's Department of Employment and Workplace Relations.

As a local parent, with experience in small business and government, Kirsty believes aspirational policies and strategies, along with good long-term planning, will provide strong foundations for Council to advocate for funding and support and enable it to take action on Council's priorities.
