| Internal Audit  | Value    | Financial Year | Description  | Risk Profile  | <b>Risk Rating</b> | Control Rating |
|---|----------|----------------|--|---|--------------------|----------------|
| Audit of Council's processes<br>related to traffic<br>management of Council<br>commissioned works |          |                | In response to the recent findings handed down by the NT Coroner regarding the<br>liability of Councils in relation to traffic management, management propose to<br>conduct an audit of Councils processes related to traffic management at Council<br>commissioned works. Recommendations from this audit will contribute to improving<br>controls in the "Inadequate Safety and Security Practices" risk profile which has an  |   |                    |                |
|   | Proposed | 18/19          | overall risk rating of high and overall control rating of inadequate.  | RP4 - Errors, Omissions, Delays and<br>Incorrect Advice                 | Moderate           | Adequate       |
| Audit of Council's payroll<br>processes   |          |                | Internal audit of Councils payroll processes to ensure accuracy and consistency. This<br>audit will examine the processes currently in use to process Councils payroll including<br>consistency between contract conditions and payroll setup. It will ensure that the<br>"Ineffective and Unsustainable Financial Management" risk profile controls are<br>maintained at an adequate level commensurate with the overall moderate risk rating<br>and contributes to addressing the External Auditors findings regarding payroll |   |                    |                |
|   | Proposed | 18/19          | certification  | RP16 - Ineffective HR Management /<br>Employment Practices              | Moderate           | Adequate       |
| Audit of Contract<br>Management Practices   | Proposed | 18/19          | As part of the current probity advise received on tendering and contract processes an<br>opportunity was raised for an audit on current processes for contracts management<br>and acceptance of variations to tendered contracts.  | RP14 - Inadequate Procurement /<br>Supplier / Contract Management       | High               | Inadequate     |
| Records Management processes  | Proposed | 19/20          | This audit will look at the success of the implementation of the Records Management<br>Improvement Plan. The findings of the audit will inform and provide confirmation of<br>control ratings related to records management risks  | RP11 - Inadequate Records<br>Management Processes                       | Moderate           | Inadequate     |
| Audit of Mobile Work Force<br>work health and safety<br>procedures and practices                  | Proposed | 19/20          | This audit will focus on the operational practices of the MWF both at the Humpty Doo<br>workshop and in the field. Recommendations from this audit will contribute to<br>improving controls in the "Inadequate Safety and Security Practices" risk profile<br>which has an overall risk rating of high and overall control rating of inadequate  | RP8 - Inadequate Safety and Security<br>Practices                       | High               | Inadequate     |
| Information Security  | Proposed | 19/20          | The ICT Improvement Plan has been developed in 2017 and implementation will be<br>undertaken over the coming years. IT Security regarding data, cyper attacks and<br>disaster recovery are a great risk to Council if not managed appropriately. The audit<br>should identify if the implemented measures of the ICT Improvement Plan are<br>mitigating the risk to Council's satisfaction.  | RP6 - ICT Systems and Infrastructure<br>Failure                         | High               | Inadequate     |
| Audit and review of Council's<br>reserve management<br>arrangements                               | Proposed | 20/21          | Council has been managing Howard Park and Knuckeys reserves since 2015 with five other reserves managed by local associations. This review will examine the reserve management arrangements and make recommendations as to the risks to Council.   | RP10 - Ineffective Management of<br>Public Facilities / Venues / Events | Moderate           | Inadequate     |
|   | Proposed | 20/21          | Council has a regime of roads inspection determining intervals, level of inspection and<br>documentation required. The audit will identify if the regime is adhered to and is<br>appropriately mitigating risk for Council.  | RP15 - Inadequate Asset<br>Sustainability Practices                     | High               | Inadequate     |
| Audit of compliance with Tree<br>Risk Management Plan   | Proposed | 20/21          | Council has resolved to develop a Tree Risk Management Plan identifying the level,<br>intervals and documentation of tree risk assessment for Council's open space.<br>Development will take place in the 2018/19 financial year. The audit should identify if<br>processes have been sufficiently established and are followed to mitigate risk to<br>Council.  | RP10 - Ineffective Management of<br>Public Facilities / Venues / Events | Moderate           | Inadequate     |

|                     |  |

### Purpose

To update the RMAC on the progress towards implementing treatments identified in the strategic risk register.

### Summary

At its meeting on May 2018 the Risk Management and Audit Committee requested the inclusion of updated due dates and status reports into the dashboard report for the risk framework. The full risk register, including the dashboard action status report, is attached as requested by the RMAC.

The dashboard indicates actions which have been completed and those which are still to be completed. As shown in table 1 below there are now 19 overdue treatments with 9 treatments completed in the last period. Further refinement to documenting and monitoring progress on completing actions will result in the removal of duplicates with a refined method to acknowledge that some treatments will impact on multiple risk profiles. Updates are provided for all actions which are due, including those that are overdue.

As a result of actions completed ten (10) controls have been upgraded from inadequate or adequate to an excellent rating as shown in table 2 below. This however has not impacted on the overall risk rating for any of the risk profiles as shown in table 3. It is expected that the introduction of the control owner (described below) and a control review following the confirmation of updates presented at this meeting will provide justification for further control ratings to be improved impacting on overall risk ratings, noting also that a risk profile with a high risk is acceptable with an overall excellent control rating in line with the approved risk management framework.

Other updates to the risk framework include the addition of a risk profile code prefix for each profile and a control owner field in each of the sixteen (16) risk profiles. The identification of the control owner will provide a point of contact to ensure the control is maintained and appropriate actions are recommended where required. The control owner will also maintain an understanding of its influence on the risk profile rating. For controls which have an inadequate rating this can be achieved through documentation produced using the risk control status template (attached). This template provides a structure to capture the intent of the control, any actions/treatments which are in progress which will improve the control rating and any recommendations for new actions or changes to control rating.

The identification of control owners will be supported by the inclusion of risk management KPIs in managers workplans as they are reviewed through the performance review process. An example workplan statement is provided below.

Maintain documentation of risk controls attributed to the **XXXXXXX** position and provide recommendations as to actions which will contribute to managing Council's risks and/or improve risk profile control ratings.

To maintain engagement with Managers a standing agenda item has been included in the monthly Leadership Team meetings. Each month selected risk profiles will be reviewed including examination of existing control ratings and actions which are due for completion.

### Recommendation

THAT the RMAC

- 1. Notes the full risk register including the updated dashboard report to include status comments and the inclusion on control owners
- 2. Notes the completed treatment items to be moved into the key controls of the respective risk profiles where applicable.
- 3. Notes the overdue items.

### Background

Council's risk management frame work was endorsed by the RMAC at the October 2017 meeting.

| Implementation of Procurement Audit<br>Findings          | Jun-18       | DCCS                | <ul> <li><u>7 August 2018</u></li> <li>1. Councils procurement policy has been updated of which the draft document (attached) is presented for RMAC endorsement. Updates to the current policy include,</li> <li>a. inclusion of provisions for the appointment of a probity advisor by the Tender Evaluation Panel (TEP)</li> <li>b. removal of procedural items to be included in a procurement procedures document, and</li> <li>c. clarifying the documenting of justification when it is impractical to obtain three written quotations.</li> <li>Detailed references to legislation remain in the policy document due to the importance of ensuring all staff understand the context of the policy in relation to the legislation and their responsibilities.</li> <li>2. Development has commenced on a procurement manual (table of contents attached). This manual will provide procedures for all Councils procurement activities including forms, templates and checklists. Procedural items from the current policy will be included.</li> <li>3. Key procurement personnel (Works Controller and Asset Management Officer) have attended a three-day procurement training session hosted by the Local Government Association of the Northern Territory.</li> </ul> |

### **RP2 - Business and Community Disruption**

### Jan-18

### This Risk Theme is defined as;

Failure to adequately prepare and respond to events that cause disruption to the local community and/or normal Local Government business activities. The event may result in damage to buildings, property, plant and equipment, lack of availability of key staff and/or interruptions to supply chain.

This does includes;

- Lack of (or inadequate) emergency response / business continuity plans. Lack of training to specific individuals or availability of appropriate emergency response. Failure in command and control functions as a result of incorrect initial assessment or untimely awareness of incident.
- Inadequacies in environmental awareness and monitoring of fuel loads etc

Note: This does not include IT and/or communications systems and infrastructure related failures - refer "Failure of IT and/or Communication Systems and Infrastructure".

### Comments

As rated by Workshop Attendees - 14/9/2017 - Consequence rating referred to moderate service interruption, reputation and environmental impacts. Noting the risk refers to Councils ability to adequately and appropriately fulfil its role and responsibilities to prepare and/or respond to a disruptive event, not the disruptive event itself.

| Current Issues / Actions / Treatments                         | Due Date | Responsibility |

|   |          |                |

### **RP3 - Inadequate Environmental Management**

This Risk Theme is defined as; Inadequate prevention, identification, enforcement and management of environmental issues. The scope includes; • Lack of adequate planning and management of coastal erosion issues.

Failure to identify and effectively manage contaminated sites (including groundwater usage). Waste facilities (landfill / transfer stations).

Weed control. Ineffective management of water sources (reclaimed, potable)

Illegal dumping. Illegal clearing / land use.

### Potential causes include;

- .
- Inadequate Management of Landfill Sites Lack of Understanding / Knowledge Inadequate Local Laws / Planning Schemes

Community Apathy Heavy Vehicles on Reserves

Inadequate Reporting / Oversight Frameworks

### RP7 - Failure to Fulfil Statutory, Regulatory or Compliance Requirements

### Jan-18

### This Risk Theme is defined as;

Failure to correctly identify, interpret, assess, respond and communicate laws and regulations as a result of an inadequate compliance framework. This could result in fines, penalties, litigation or increase scrutiny from regulators or agencies. This includes, new or proposed regulatory and legislative changes, in addition to the failure to maintain updated legal documentation (internal & public domain) to reflect changes.

It does include the Local Government Act and all other legislative based obligations for Local Government. Thisdoes not include Safety & Health Legislation (refer "Inadequate safety and security practices") or any Employment Practices based legislation (refer "Ineffective HR Management / Employment practices)

| Potential causes include; Lack of Training, Awareness and Knowledge Staff Turnover Inadequate Record Keeping Ineffective Processes | Lack of Legal Experience     Councillor Turnove     Breakdowns in Ter     Ineffective Monitori | r              | n          |            |

Comments

As rated by Workshop Attendees - 14/9/2017 - Consequence rating referred to major injury, financial and compliance impacts. Note the inadequate overall control rating is from the perspective of Council as an organisation and may not be reflective of individuals and/or individual work areas approaches to safety.

### **RP15 - Inadequate Asset Sustainability Practices**

### This Risk Theme is defined as;

Failure or reduction in service levels of infrastructure assets, plant, equipment or machinery. These include fleet, buildings, roads, playgrounds, and all other assets and their associated lifecycle from procurement to maintenance and ultimate disposal.

Areas included in the scope are; • Inadequate design (not fit for purpose) • Ineffective usage (down time)

Outputs not meeting expectations

Inadequate maintenance activities.

Inadequate financial management and planning.

It does not include issues with the inappropriate use of the Plant, Equipment or Machinery. Refer Misconduct.

Potential causes include;

| Skill Level and Behaviour of Operators     Lack of Trained Staff     Outdated Equipment | <ul> <li>Unavailability of Information and/or Parts</li> <li>Lack of Formal or Appropriate Scheduling (Maintenance / Inspections)</li> <li>Unexpected Breakdowns</li> </ul> |                   |            |            |

### Purpose

This report provides the RMAC with an update on progress made in implementing the continuous improvement procurement roadmap from KPMG.

### Summary

Following the Waste Transportation Contract Tender Report and the subsequent continuous improvement roadmap from KPMG, actions have been implemented to improve Council's, procurement capacity, policy and procedures.

- 1. Council's procurement policy undergoing a full review and will be ready for the October RMAC meeting prior to presentation at the October Council meeting for adoption. This will ensure that the leadership team and staff have sufficient time to provide feedback on the draft policy. Proposed updates to the current policy include,
  - a. inclusion of provisions for the appointment of a probity advisor by the Tender Evaluation Panel (TEP)
  - b. removal of procedural items to be included in a procurement manual, and
  - c. clarifying the documenting required for justification when it is impractical to obtain three written quotations.
- Work has commenced to develop a procurement manual (table of contents attached) for staff. This manual will provide procedures for all Council's procurement activities including forms, templates and checklists. Procedural items from the current policy will be included.
- 3. Key procurement personnel (Works Controller and Asset Management Officer) have attended a three-day procurement training session hosted by the Local Government Association of the Northern Territory.
- 4. A probity advisor was engaged for the following Council tenders
  - a. RFT17-159 Waste Transportation \$1,101,716.00
  - b. RFT18-162 Finn Road Upgrade Not yet awarded
  - c. RFT18-163 Freds Pass Road Upgrade \$690,213.00
  - d. RFT18-164 Removal of Scrap Steel \$100,000.00 estimated income
  - e. RFT18-165 Recycle and Comingle Recyclable Materials \$129,483.42
  - f. RFT18-166 Mulching of Green & Timber Waste \$364,320.00

g. RFT18-167 Maintenance of Pavement Repairs & New Works - \$227,395.00

With the review of Council's business classification system and electronic document management processes, procurement documentation will now be made easier to access for all staff.

### Recommendation

THAT the RMAC

- 1. Receives the update report on the continuous improvement roadmap and notes the progress made to date.
- 2. Requests a further update on the procurement manual at its next meeting on 2 October 2018.

### Background

An internal audit was conducted into Council's procurement activities in 2017 and an improvement plan developed. A subsequent tender probity audit on the provision of the Waste Transportation tender process identified several areas which were either not noted in the 2017 audit or not sufficiently addressed following the recommendations of the 2017 audit plan. Council engaged the services of a probity advisor for several of its tenders since the letting of the Waste Transportation Contract to assisted with the refinement of Council policy and procedures and to supervise Council tender processes from a probity perspective.

#### Links with Strategic Plan

An effective and sustainable Council

### Legislative and Policy Implications

Council's procurement activities are regulated by Northern Territory Government Local Government Regulations.

#### Risks

Inadequate procurement, supplier and contract management is seen as a high-risk currently with inadequate controls. Acceptance of a high-risk profile requires that the overall control rating be excellent. Actions implemented consistent with the continuous improvement roadmap will contribute towards improving overall controls rating ad move the rating to excellent allowing a high-risk rating to be accepted.

#### **Financial Implications**

The engagement of a probity advisor for high risk tenders has cost approximately \$3,600 per tender and will greatly improve Council's tender processes.

### **Community Engagement**

Nil

Recommending Officer:

| Report Title:       | Interim Audit Observations with Management Responses          |
| Report Number:      |   |
| Meeting Date:       | 7/08/2018   |
| Attachments:        | Litchfield Council Audit Plan for the Year Ended 30 June 2018 |

#### Purpose

This provide the committee with the Interim Audit Observations for the year ended 30 June 2018 including Management responses.

#### Summary

The attached Litchfield Council Audit Plan enclosed the Interim Audit Observations prepared by the external auditor Merit Partners Chartered Accountants is provided to the RMAC along with Management responses.

#### Recommendation

THAT the RMAC receive and note the 2018 Interim Audit Observations including Council's response as attached to this report.

### Background

This report is to present the 2018 Interim Audit Observations by Council's newly appointed external auditors, Merit Partners Chartered Accountants to the RMAC with Management responses included.

The organisation's improvements in processes and procedures continues to be evident as only seven observations have been identified in the Interim Audit Observations. All items raised are of low risk, however are important and have been or will be addressed as communicated in the Management responses.

# Litchfield Council Audit Plan for the Year Ended 30 June 2018

#### Private and confidential

20 July 2018

The Council Litchfield Council PO Box 446 Humpty Doo, NT 0836

Dear Council Members

We are pleased to present our Audit Plan ("Plan") for the audit of Litchfield Council ("the Council") for the year ended 30 June 2018. This Plan outlines the scope of our services, identifies Merit Partners ("MP") as professionals who will serve you and presents our understanding of some key considerations that will affect the 2018 audit.

Our audit is designed to express an opinion on the 2018 full year financial statements. Our Audit Plan has been prepared based on our understanding of the Council's business and the local government sector. We have considered and will continue to consider the Council's risks, assess those that could materially affect the financial statements and align our procedures accordingly. The Plan will be responsive to your needs and will maximise audit effectiveness so we can deliver the high quality audit you expect.

Our commitment to quality will be reflected in every aspect of our work. If you have any questions or comments, please contact myself or Adam White on 8982 1444.

Yours faithfully

Matthew Kennon Partner

cc Karina Gates

# **1. Executive Summary**

### **1.1 Introduction**

As part of our engagement as the External Auditors of Litchfield Council ("the Council"), we will undertake a financial statement audit of the Council for the year ended 30 June 2018. Our audit process, which is comprised of a planning and interim audit and a year-end audit, will focus on those risks with the potential for significant financial statement impact.

### 1.2 Our Audit

Our audit procedures are designed to assist us to form an opinion at year-end as to whether the financial report of the Council as a whole, is presented in accordance in accordance with the Australian Accounting Standards (including the Australian Accounting Interpretations), the *Local Government Act (NT) 2008* and *Local Government Accounting Regulations*.

During the interim audit, we make an assessment of the internal control environment of the Council. We document the business and accounting processes of the Council, including the internal controls over these processes. We also perform walkthroughs and tests of key controls.

Following the outcome of the controls testing during the interim audit, we will determine the nature, timing and extent of the substantive audit that we need to perform at year-end. Where we identify significant weaknesses in internal controls we will bring them to the attention of management and the Risk Management and Audit Committee. Please refer to Appendix A for matters arising from our interim audit.

### 1.3 Audit Plan Highlights

| Audit approach | Our scope, which is based on the size and risk of the Council, is set out in Section 2 of this report.  |
|----------------|---|
|                | We seek to test IT and manual controls in the key financial statement<br>processes and therefore expect to take a controls based approach<br>wherever possible. Details of our controls based approach are outlined in<br>Section 2.4 of this report. The nature and extent of our controls testing is<br>dependent on and considers whether the IT general controls environment<br>of the Council is operating effectively. We assess the IT general control |

environment during the interim audit and obtain an understanding of any changes to the IT general control environment during the year end audit.

There continues to be a substantive approach taken to areas of significant management judgement such as:

- Impairment of Property, Plant and Equipment
- Allowance for Doubtful Debts
- Employee Provisions

Risk assessment and areas of audit focus As part of our risk assessment process, we hold discussions with Council management to understand the key changes in the business and adapt our audit approach accordingly. Matters arising from these discussions areincorporated into our key areas of audit focus.

Our key focus areas are summarised below and explained in detail in Section 3 of this report:

- Going Concern
- Application of Future Applicable Accounting Standards, in particular AASB 15 *Revenue from Contracts with Customers*, AASB 1058 Income for Not-for-profit Entities, and AASB 16 *Leases*
- Compliance with Australian Accounting Standards, the Local Government Act and other applicable Laws and Regulations
- Fraud Related matters
- Valuation of Financial and Non-Financial Assets
- ▲ Land Under Roads
- Revenue Recognition
- Restricted Reserves

| Key Financial<br>Processes                               | During the interim audit, we will document the Council's key processes and test the key controls relating to the following processes:  |
|--|--|
|  | Revenue and receipts   |
|  | Procurement/Purchases and payments   |
|  | <ul> <li>Payroll and related payments</li> </ul>   |
|  | A Bank reconciliations   |
|  | <ul> <li>Financial Statement Close Process</li> </ul>  |
|  | Refer also to Section 2 for the audit approach.  |
| Financial<br>Reporting Risks<br>and Accounting<br>Issues | Our assessment of the key financial reporting risks and audit and accounting issues facing the Council in 2017/2018 and our plan to address these during our audit are detailed in Section 3 of this report.   |
| Independence   | We remain in compliance with the <i>APES 110 Code of Ethics for</i><br><i>Professional Accountants</i> independence requirements, and in our<br>professional judgment, the engagement team and the Firm are<br>independent. We have the appropriate controls in place to ensure we<br>remain independent throughout the audit. |
| Engagement<br>execution and<br>reporting                 | We have set out the scope of our audit in Section 2 of this report.<br>We have set out in Appendix B a summary of our communication and<br>deliverables throughout our audit.  |

# 2. An effective Audit Approach

Our audit of the Council is primarily designed to enable us to express an opinion that the general purpose financial report of the Council for the year ended 30 June 2018 presents fairly, in all material respects, the Council's financial position and financial performance in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Local Government Act 2008* and Local Government (Accounting) Regulations.

Similarly, our audit of Thorak Regional Cemetery (the "Cemetery") is primarily designed to enable us to express an opinion that the special purpose financial report of the Cemetery for the year ended 30 June 2018 presents fairly, in all material respects, the Cemetery's financial position and financial performance in accordance with the adopted accounting policies and the *Cemetery Act (NT) 2016*.

The specific terms and scope of the external audit engagement are set out in our engagement letter.

### 2.1 Opinions to be issued

#### Audit of the full year financial statements

Our audit will be conducted to provide reasonable assurance as to whether the financial report for the year ended 30 June 2018 is free of material misstatement.

We will conduct our audit in accordance with Australian Auditing Standards and the financial reporting requirements of the *Local Government Act (NT) 2008* and Local Government (Accounting) Regulations for the general purpose financial statements of the Council.

#### Other opinions

*Thorak Regional Cemetery*: We will conduct our audit in accordance with Australian Auditing Standards and the *Cemetery Act (NT) 2016* for the special purpose financial statements of Thorak Regional Cemetery.

We will also audit the special purpose financial report of the Council's road to recovery returns grant program in accordance with the reporting requirements of the funding body.

### 2.2 Materiality

We design our audit procedures to obtain reasonable assurance that errors in the financial statements are not material individually or in aggregate. Errors are considered to be material if, individually or in aggregate, they could reasonably be expected to influence readers of the financial statements.

Materiality is used to determine the nature and extent of our audit procedures. AASB108 Accounting *Policies, Changes in Accounting Estimates and Errors* states that "omissions or misstatements of items are material if they could, individually or collectively, influence the economic decisions that users make on the basis of the financial statements".

Materiality levels are established by reference to total revenue as well as other quantitative and qualitative factors. Our planning materiality for the 30 June 2018 full year audit is based upon 2% of total revenue. We propose to establish planning materiality at \$354k based on the extrapolated full year revenue of \$17.7m.

All identified audit and review differences in excess of \$18k will be brought to the attention of management for further consideration and action as appropriate. We will communicate to you any of these audit differences that are not adjusted by management, as well as significant corrected misstatements.

We will regularly review the level of materiality throughout the engagement and where a change is necessary we will advise the Risk Management and Audit Committee.

### 2.3 The risk of fraud and error

The primary responsibility for the prevention and detection of fraud and error rests with those charged with the governance and management of the Council. The Council has an active program for the prevention and detection of fraud.

Our responsibility as the external auditor is to consider the risk of fraud and the factors that are associated with it so as to ensure that the financial statements are free from material misstatement resulting from fraud. However, it is important to note that while our external audit work is not primarily directed towards the detection of fraud or other irregularities, we will report any matters identified during the course of our work.

During our interim audit we were informed of fraudulent incidents involving an employee. This has been discussed in further detail in 7.4 of this report.

### 2.4 Controls reliance

Our audit has been designed to obtain a significant degree of audit comfort from reliance on and testing of internal controls. This approach of understanding and evaluating controls is risk based and structured on a foundation of the Council having a strong control environment framework.

In accordance with Australian Auditing Standards, the external auditor must gain an understanding of the internal controls relevant to the audit. Specifically, this assessment must cover:

- The control environment
- The Council's risk assessment procedures
- Control activities (including general IT controls)
- Monitoring of controls (internal audit and self-assessment).

Where significant deficiencies come to our attention during the course of our audit, we will communicate these to the Risk Management and Audit Committee and management in a timely manner. We will also provide management with a letter during the audit process, outlining our findings and our recommendations on where improvements can be made. Refer to Appendix A for matters identified during our interim audit.

### 2.5 IT general controls

In conducting our work, we intend to place reliance on the IT systems across the Council, based on the significant accounts supported by these systems. Evaluating IT general controls ("ITGCs") is an integral part of our audit in assessing the controls that underpin financially significant systems and support the confidentiality, integrity and availability of information processing. Our evaluation of ITGCs focuses on two key areas:

| Area                        | Description  |
|-----------------------------|--|
| Access to programs and data | Controls are in place to determine that only authorised persons<br>have access to data and applications (including programs,<br>tables, and related resources) and that they can perform only<br>specific authorised functions |
| Change management           | Controls are in place to determine that only appropriately<br>authorised, tested, and approved changes are made to<br>applications, interfaces, databases, and operating systems.  |

In the absence of an effective ITGC, reliance cannot be placed on system based controls or the data they produce.

### 2.6 Approach to key financial statement close process

We expect that the IT general control environment for the Council, which drives the financial statement close, accounts receivable and accounts payable processes, will be assessed as effective.

However, in the absence of an effective ITGC, reliance cannot be placed on the Council's system based controls or the data it produces without significant alternate procedures being performed around verifying the integrity and accuracy of any reports generated from the Council. This includes testing a sample of transactions or data contained in the reports and vouching to supporting documentation as well as checking the report for clerical accuracy. For application or IT dependent manual controls, we will be required to extend our testing sample size from 1 to 25 depending on the frequency of the control.

As per Section 2.5, we do expect to achieve IT general controls reliance, and therefore test IT application controls in the following key processes:

▲ Billings and Collection (Rates and user charges)

We support our IT general controls testing with manual controls testing in the following processes:

- Procurement/Purchases and payments
- ▲ Payroll and payments
- A Grants and other revenue streams and receipts

In the course of any audit, there are areas where a controls reliance approach is not appropriate and where a substantive audit approach is more efficient or effective. Significant or judgemental balances that we audit substantively are:

- ▲ Valuation of financial and non-financial assets
- ▲ Employee provisions
- Any Other provisions

As the Council continues to improve the process controls, we will review our approach and rely on controls where possible. We have set out below a table which summarises the level of controls reliance we expect to achieve in the key financial statements processes.

| Process                    | IT reliance |      | Controls reliance |         |
|----------------------------|-------------|------|-------------------|---------|
| Financial statement close  |             | 1    |                   |         |
|                            | Low         | High | Substantive       | Control |
| Revenue and receivables    |             |      |                   |         |
|                            | Low         | High | Substantive       | Control |
| Purchases and payables     |             |      |                   |         |
|                            | Low         | High | Substantive       | Control |
| Cash receipts and payments |             |      |                   |         |
|                            | Low         | High | Substantive       | Control |
| Payroll and payments       |             |      |                   |         |
|                            | Low         | High | Substantive       | Control |

### 2.7 Audit Approach

|            | Planning / Risk Assessment   | Testing  | Completion  |
|------------|--|--|---|
| Objectives | <ul> <li>Perform risk assessments</li> <li>Determine critical accounting matters</li> <li>Plan audit procedures</li> </ul> | Test operating effectiveness of key controls<br>with sample sizes based on frequency and<br>nature of controls | <ul><li>Evaluate and report audit findings</li><li>Form and issue audit opinion</li></ul> |
|            | <ul> <li>Evaluate fraud risk in financial reporting</li> </ul>   | <ul> <li>Assess control risk and the risk of significant<br/>misstatement</li> </ul>                           |   |
|            | <ul> <li>Understand accounting and reporting activities</li> </ul>   | <ul> <li>Perform substantive audit procedures</li> </ul>   |   |
|            |  | <ul> <li>Audit non-routine transactions and re-assess<br/>the risk of misstatement</li> </ul>                  |   |
|            |  | <ul> <li>Consider if audit evidence is sufficient and<br/>appropriate</li> </ul>                               |   |
| Activities | Update our understanding of Council's business via<br>discussions with executive management                                | <ul> <li>Perform testing on complex and non-routine<br/>transactions</li> </ul>                                | <ul> <li>Resolve judgemental issues identified<br/>during the audit</li> </ul>            |
|            | <ul> <li>Assess risks and identify general ledger accounts<br/>requiring audit focus</li> </ul>                            | <ul> <li>Perform other tests to supplement controls<br/>testing</li> </ul>                                     | <ul> <li>Evaluate the Council's financial<br/>statements</li> </ul>                       |
|            | <ul> <li>Assess materiality having regard to business forecasts</li> </ul>   | Audit financial statement disclosures  | <ul> <li>Summarise key findings and report to</li> </ul>                                  |
|            | <ul> <li>Undertake analytical reviews and assess key accounting<br/>issues</li> </ul>                                      |  | management and the RMAC Members   |
|            | Discuss key processes and controls relevant to<br>"Significant general ledger accounts"                                    |  |   |
|            | <ul> <li>Test the design and implementation of controls</li> </ul>   |  |   |

|              | Planning / Risk Assessment | Testing  | Completion  |
|--------------|----------------------------|--|---|
| Deliverables | 🐟 Audit Plan               | <ul> <li>Summary of adjusted and unadjusted audit<br/>differences for consideration by management<br/>including significant deficiencies in internal<br/>controls</li> <li>Draft report to the Risk Management and Audit<br/>Committee (the "RMAC")</li> <li>Draft Audit closing report</li> </ul> | <ul> <li>Audit opinions and applicable<br/>independence declarations</li> <li>Full year report to the RMAC</li> <li>Attendance at the RMAC<br/>meeting</li> </ul> |

### 3. Risk Assessment and Areas of Audit Focus

### 3.1 Our risk assessment of financial statement accounts

Our approach is to identify the significant accounts at a financial statements level and the critical accounting processes that impact these accounts. This necessitates the determination of significant accounts and related key processes. Our audit then addresses these areas. The Council's significant accounts and the planned testing are as follows:

| Financial Component  | Analytical<br>review | Planned<br>control<br>reliance | Substantive<br>Testing<br>Approach |
|--|----------------------|--------------------------------|------------------------------------|
| Grant income   | $\checkmark$         |                                | $\checkmark$                       |
| Non-grant income (Rates and Waste Management<br>Service Charges, Statutory Charges, User<br>Charges, and others) | $\checkmark$         | ~                              | ®                                  |
| Investment income  | $\checkmark$         | $\checkmark$                   | R                                  |
| Other income   | $\checkmark$         |                                | $\checkmark$                       |
| Material and contract expenses   | $\checkmark$         | $\checkmark$                   | ®                                  |
| Employee expenses  | $\checkmark$         | $\checkmark$                   | ®                                  |
| Depreciation and Impairment  | $\checkmark$         |                                | $\checkmark$                       |
| Other operating expenses   | $\checkmark$         | $\checkmark$                   | ®                                  |
| Cash and cash equivalents  | $\checkmark$         | $\checkmark$                   | $\checkmark$                       |
| Trade and Other Receivables  | $\checkmark$         |                                | $\checkmark$                       |
| Other Financial Assets   | $\checkmark$         |                                | $\checkmark$                       |
| Infrastructure, Property, Plant and Equipment  | $\checkmark$         |                                | $\checkmark$                       |

| Other Non- Current Assets | $\checkmark$ | $\checkmark$ |
|---------------------------|--------------|--------------|
| Trade and Other Payables  | $\checkmark$ | $\checkmark$ |
| Provisions                | $\checkmark$ | $\checkmark$ |
| Equity                    | $\checkmark$ | $\checkmark$ |

® As we plan to rely on the key controls, we will perform other primary substantive procedures such as substantive analytics.

Throughout the year, we will meet regularly with process owners and key members of management and continue to challenge and modify our risk assessment.

### 3.2 A risk focused approach

Our risk assessment process helps us focus our audit efforts on the Council's key risk areas, being those risks which might lead to a material misstatement in the Council's financial statements, and forms the basis of our overall audit plan. We revisit the appropriateness of our view of risk throughout the audit cycle as the business, economy and industry conditions evolve.

In order to identify the key business risks of the Council, we have considered the following:

- The Council's strategies and objectives
- The locations in which the Council operates
- A Changes in the Local Government Act and Regulations
- ▲ The economic and market conditions in which the Council operates

This will involve discussions and input from senior management, drawing on our experience and knowledge, reference to external data sources, examining the Council's current and proposed accounting and reporting practices and identifying key judgemental areas.

We have prepared a summary of areas of audit focus and our planned response as below:

| Areas of audit focus                               | Audit procedures to be performed   |
|--|--|
| Ability to continue to operate as a going concern. | The audit will form a view as to whether the Council will have sufficient funds to continue to operate and fund its programs for the next 12 months from the sign-off date of the 2018 audit report.   |
|  | We will review the Council's minutes of meetings and hold discussions with management to identify any events that may impact the viability of the Council.   |
|  | We will also review the Council's business plans, budgets and cash flow forecasts.   |
|  | We will obtain an understanding of why management believes the Council is a going concern.   |
|  |  |
| Application of<br>Future Applicable                | The Australian Accounting Standards Board (AASB) issued the following new Standards which are deemed applicable to the Council:  |
| Accounting<br>Standards                            | <ul> <li>AASB 15 Revenue from Contracts with Customers</li> <li>AASB 1058 Income for not-for-profit entities</li> <li>AASB 16 Leases</li> </ul>  |
|  | AASB 1058 Income for Not-for-Profit Entities and AASB 15 Revenue with Contracts with Customers are effective for annual reporting periods beginning on or after 1 January 2019 and will be reported in the Council's financial statements for the first time in 2019-20, unless the Council chooses to early adopt these standards.  |
|  | Under these new standards, revenue from grants and donations will be recognised<br>when any associated performance obligation to provide goods or services is<br>satisfied, and not immediately upon receipt as currently occurs. Consequently, more<br>liabilities are expected to be recognised in the balance sheet after adoption of this<br>standard.   |
|  | AASB 16 <i>Leases</i> is effective for annual reporting periods beginning on or after 1 January 2019 and will be reported in these financial statements for the first time in 2019-20.   |
|  | The new standard will supersede AASB 117 <i>Leases</i> and requires the majority of leases to be recognised on the balance sheet. The Council has various long-term leases in place. Accordingly, a right-of-use asset will now come onto the balance sheet together with a lease liability for all leases with a term of more than 12 months, unless the underlying assets are of low value. The Statement of |

| Areas of audit focus   | Audit procedures to be performed   |
|--|--|
|  | Comprehensive Income will no longer report operating lease rental payments,<br>instead a depreciation expense will be recognised relating to the right-to-use asset<br>and interest expense relating to the lease liability.   |
|  | The new standards will have a material impact on the Council's financial statements. It is important that management dedicate resources to ensure that the requirements and disclosures required by these new standards are met.   |
| Compliance with<br>Australian Accounting<br>Standards, the Local<br>Government Act (NT), | Changes to Australian Accounting Standards (AAS) and regulatory requirements<br>may have an impact on the Council's financial reporting requirements. The<br>continuous close monitoring from regulators will also impact the Council's<br>operations.   |
| Cemetery Act and other<br>applicable laws and<br>regulations.                            | We will perform audit procedures over year-end reconciliations and review the financial statements in accordance with AAS, the <i>Local Government Act (NT), Cemetery Act (NT) 2016</i> (for Thorak Regional Cemetery Audit) and Local Government Accounting Regulations.<br>We will also follow up on any compliance audits undertaken by regulators. |
| Existence of Fraud   | Occurrences of fraud may result in significant losses to the Council if controls in place are not effective. The impact of fraud may become material to the Council's financial statements.  |
|  | We will continue to assess the impact of fraud on Council's operations and the effectiveness of controls in place to prevent and detect fraud.   |

Apart from the identification of the areas of audit focus, below are the other key audit and accounting issues that will be considered during our audit:

| Consideration                            | Audit procedures performed  |
|--|---|
| Revaluation of<br>Infrastructure Assets/ | The Council revalues its physical non-current assets that are recorded at fair value when there has been a material change in fair value or at least every three years. |
| Fixed Assets valuation<br>and Ownership  | The Council has appointed an external third party valuer to conduct a valuation of infrastructure assets as at 30 June 2018. The Council's Infrastructure department    |
|  | & Finance team is currently supplying the physical data to the Valuer. We will follow up and assess the integrity of the data and review the reconciliation             |

|                             | between the data used for revaluation and the asset records in the Council's fixed<br>asset register.<br>Fixed assets' useful lives and depreciation rates will be reviewed based on the<br>revaluation report received from the external Valuer and we will review<br>management's assessment of impairment.<br>We will also obtain and review the Council's fixed assets register and agree this to<br>the general ledger balances. A sample of additions and disposals will be checked<br>against related support, procurement guidelines and policies. We will also review<br>related repairs and maintenance accounts to ascertain that relevant transactions<br>of a capital nature have not been omitted from being capitalised. |
|-----------------------------|---|
| Land Under Roads            | We will obtain and review the Council's accounting policy and related support<br>surrounding the exclusion or inclusion of accounting for Land Under Roads within<br>the financial statements at year-end.<br>This will include a further review and examination on the basis for ownership and<br>control of the asset, the basis for valuing the land, the proposed treatment for<br>recognising land prior to 1 July 2008 and related disclosures within the financial<br>statements.  |
| Revenue received in advance | We will follow up on the accounting for Revenue Received in Advance, in particular, Rates Revenue, and ascertain that it complies with the relevant accounting standards.   |
| Restricted reserves         | We will obtain and review the Council's support over the Developer Contributions<br>and Cemetery Reserve restricted accounts. We will review and test the accuracy<br>of the information within the accounts to relevant support/approvals for use of the<br>Restricted Reserves and undertake a review of budgets and funding agreements<br>to ascertain that balances are complete at reporting date.   |

# 4. A Trusted Client Service Team

We understand that our team is the most important element of your relationship with us.

The allocation of the key roles and responsibilities of the Merit Partners' audit engagement team is summarised below. Our team has been structured to ensure an effective audit is achieved to meet your requirements.

| Name, commitment, ro | le   |
|----------------------|--|
| Matthew Kennon       | Lead Audit Partner<br>As the Lead Audit Partner, Matthew will have overall responsibility for the<br>provision of audit services to the Council and will oversee the team's work.<br>Matthew is familiar with the audit requirements of the Council. He will<br>ensure a seamless and undisruptive service to the Council  |
| Adam White           | <b>Engagement Manager</b><br>As the Engagement Manager, Adam will be the main contact person<br>liaising with the Council's relevant personnel to ensure seamless conduct<br>of the audit and to provide continued feedback on the progression of the<br>audit through the various stages of completion. He will also have<br>responsibility for the provision of audit services to the Council and will<br>manage and be involved in the team's work. |
| Mary Joseph          | Audit Senior<br>As the Audit Senior, Mary will perform the audit fieldwork and prepare the<br>file for the Lead Audit Partner and Manager's review. They will also<br>prepare the planning documentation as well as general and substantive<br>audit procedures.   |

# 5. Proposed Work Plan and Deliverables

The estimated timing for the provision of audit services is as follows and has been based upon our initial estimates of Litchfield Council's likely reporting time frame. Our proposed timetable is subject to change depending on the availability of Council personnel.

| Procedures   | Mar /<br>Apr | May -<br>Jul | Aug /<br>Sep | Sep /<br>Oct |
|--|--------------|--------------|--------------|--------------|
| Liaise with management to arrange timing of<br>onsite visit and discuss issues                             | $\checkmark$ |              |              |              |
| Develop audit plan   |              | $\checkmark$ |              |              |
| Internal team briefing   |              | $\checkmark$ |              |              |
| Site visit to undertake Interim audit<br>(interim audit visit – 30 April 2018)                             |              | $\checkmark$ |              |              |
| Site visit to undertake final audit (proposed final<br>audit visit – September 2018 for approx<br>2 weeks) |              |              | $\checkmark$ |              |

\* Initially plan to sign off the report in October 2018, however, this will be dependent on the Audit Committee meeting for approval of the financial report.

### 6. Independence

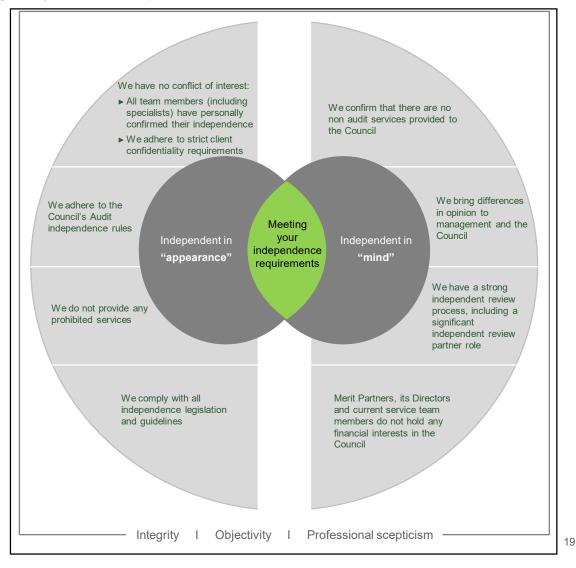

We understand the importance of independence to you. We have been rigorous in maintaining our independence and managing conflicts. We will remain independent, and be seen to be independent.

Independence is fundamental to Merit Partners as our ongoing reputation and success is connected to our ability to meet both the Council's and broader regulatory independence requirements.

We have consistently complied with all professional regulations relating to auditor independence including those outlined in:

▲ APES 110 code of Ethics for Professional Accountants

Accordingly, we ensure that there are controls in place and actions taken on a regular basis that mitigate any risks to our independence.

# 7. Report on the Interim Financial Statements

### 7.1 Summary

We have completed the interim component of our audit of the financial statements of the Litchfield Council and the Thorak Regional Cemetery for the year ended 30 June 2018.

Our report addresses matters of governance that came to our attention as a result of performing the audit. Our audit was not designed to identify all matters that may be relevant to those charged with governance.

### 7.2 Inherent Limitation and Management Responsibility

It should be noted that the primary purpose of the interim audit procedures was to obtain sufficient and appropriate audit evidence to prepare for the requirement to form an opinion on the Council's financial statements. The audit was not, therefore, a comprehensive review of all systems and processes and was not designed to uncover all weaknesses, breaches and irregularities in those systems and processes. Inherent limitations in any management process and system of internal control may mean that errors or irregularities might occur and not be detected.

The audit did not constitute a complete examination of all relevant data and was not designed to uncover all processing errors and therefore may not have detected all breaches and irregularities that could have occurred.

The fact that the interim audit has not identified any significant matters does not mean that there are no other matters of which you should be aware of in meeting your responsibilities, nor does this report absolve you from taking appropriate action to meet your responsibilities.

### 7.3 Interim Findings

The accounting and control procedures examined during the interim audit were found to be generally satisfactory. Performance improvement observations identified are detailed below. Discussions with management and staff have provided an understanding of the key business processes and controls. Overall, despite the incident referred to in 7.4 below, it appears that the Council has a satisfactory control environment and controls that will be able to be relied upon in the audit of the Council for the year ended 30 June 2018.

An objective of this interim audit was also to liaise with the Council to plan for the orderly preparation and audit of the year-end financial statements. Part of this process involved reviewing the timing and nature of audit procedures performed. The outcome of this process was that the audit fieldwork and

procedures will commence on 3 September 2018 to facilitate the completion of the audit to meet the required deadline.

### 7.4 Fraud Observations

During the interim audit we were informed of an instance where an employee forged a signature on a Council tender evaluation document.

We have been informed that the Council has terminated the relevant employee's employment contract. It was also noted that the tender was re-evaluated by the Council and that the Council engaged an independent third party to review the probity of the process.

Upon termination of the employee's contract, the Council discovered that the employee's credit card was stolen. Transactions on the credit card statement included disputed amounts believed to be in the region of \$2,000.

In our opinion activities undertaken by the Council upon discovery of the fraud have been appropriate.

#### 7.5 Performance Improvement Observations

The matters reported in Appendix A are limited to those controls improvements that we identified during the interim audit and that we concluded are of sufficient importance to merit being reported to you.

### **Appendix A – Interim Audit Observations**

### Overview of Risk Ranking System

Though we have rated each finding individually on a stand-alone basis, you should also assess the collective impact of these matters, together with other findings from within your organisation.

| High<br>Needs significant<br>improvement        | <b>Immediate corrective action is required.</b> These recommendations relate to a serious weakness which exposes the organisation to a material extent in terms of achievement of corporate objectives, financial results or otherwise impair the company's reputation. |
|---|---|
| Moderate<br>Needs<br>substantial<br>improvement | <b>Corrective action is required,</b> generally within 6 months. A control weakness, which can undermine the system of internal control and/or operational efficiency and should therefore be addressed.  |
| Low<br>Needs some<br>improvement                | <b>Corrective action is required,</b> generally within 6 to 12 months. A weakness which does not seriously detract from the system of internal control and/or operational effectiveness/efficiency but which should nevertheless be addressed by management.            |

#### **Disclaimer**

Issues identified are only those found within the course of the interim audit for the year ended

30 June 2018. Recommendation issues are intended solely for the use of the Council's management. We disclaim any assumption of responsibility for any reliance on this report, to any person other than the Council or for any purpose other than that for which it was prepared.

| Observation   | Effect  | Risk | Recommendation  | Management's<br>Response   |
|---|---|------|---|--|
| <ul> <li>Policies</li> <li>We noted that the following policies have not been reviewed in accordance with required timeframes:</li> <li>▲ HR06 Internet and Email Policy (review required March 2017)</li> <li>▲ LC34 Record Management Policy (review required March 2016)</li> <li>▲ Code of Conduct policy (review required March 2016)</li> </ul> | The Council's policies may not<br>reflect current best practice and<br>may not address current risks. | Low  | It is recommended that<br>internal policies are reviewed<br>and updated in accordance<br>with established timeframes<br>and requirements to ensure<br>that they remain relevant and<br>address current risks. | The timeframe of these policies are<br>incorrect. HR06 Internet and Email<br>Policy - review rate on policy is<br>19/10/2018 which is 3 years from<br>approval date, however GOV01<br>prescribes a four year review date.<br>LC34 Records Management -<br>Rescinded by CEO in December 2017<br>(Memo attached). HR01 Employee<br>Code of Conduct - review date on<br>policy is 17/08/2018 which is 3 years<br>from approval, however GOV01<br>presribes a four year review date. |
| <i>IT Policy</i><br>Based on our discussion with the IT Manager, we noted<br>that the Council does not have an IT policy detailing user<br>access, system access or password maintenance<br>controls. There is also no information present regarding<br>the IT governance structure.  | The absence of an overarching IT policy increases the Council's risk of fraud, error and data loss.   | Low  | The Council should develop<br>an IT policy covering IT<br>governance, user access<br>levels, password<br>maintenance and system<br>changes.   | IT Policies are in the final review stage<br>to be approved by Executive<br>Management by the end of<br>September 2018.  |

| Observation   | Effect   | Risk | Recommendation  | Management's<br>Response  |
|---|--|------|---|---|
| <b>Review of IT User Access</b><br>The Council's standard practice is to review user access<br>levels of its accounting software (Authority), biannually.<br>However, we were unable evidence that the Operator<br>Role Access report from Authority had been reviewed<br>within the financial year.  | An absence of review of user<br>profiles by a senior employee may<br>result in inappropriate or outdated<br>access levels.<br>There is also an increased risk of<br>fraud. | Low  | It is recommended that a<br>review of user access levels<br>be undertaken regularly (e.g.<br>six monthly) and documented<br>to ensure that user access<br>reflects current user needs.  | The quarterly reviews will continue<br>to be performed. The Assistant<br>Accountant will review the user<br>access levels. These reviews will be<br>signed off by the Finance Manager to<br>ensure sufficient audit trail is<br>obtained.   |
| <i>Dormant Suppliers</i><br>The Council currently has no process in place to review<br>and deactivate old and unused supplier accounts.   | The absence of a review of old and<br>unused supplier accounts<br>increases the risk of fraud or error<br>occurring.   | Low  | Supplier accounts should be<br>reviewed periodically to<br>remove old, unused and<br>duplicated vendors from the<br>accounting system.  | A process will be implemented to deactivate suppliers unused on a periodic basis.   |
| <i>Internal Control Weaknesses – Receipts</i><br>Our audit observations identified that not all Council<br>employees have access to the receipting module in<br>Authority. In the absence of the Customer Service<br>Officer, her responsibilities are temporarily handled by<br>other members of the Finance team. It is our<br>understanding that these employees use the Customer<br>Service Officer's user login to access the appropriate<br>modules within the accounting software (Authority). | Shared user logins increase the risk of fraud occurring.   | Low  | User logins should not be<br>communicated to other<br>employees within the<br>Council. It is recommended<br>that temporary access is<br>provided to the appropriate<br>individual if required. This<br>would also ensure there is a<br>clear audit trail of who<br>performed the relevant<br>activity | Council understands the risk with<br>officers sharing a user access,.<br>Processes for reconiliation at the<br>end of a business day are in place.<br>The implementaiton of single user<br>access for every staff member to<br>allow coverage fo the reception area<br>is impractical and not deemed<br>operationally feasible. |

This process is<br>an important control within our payroll<br>procedure and will be enforced as an<br>essential element as part of each pay<br>run in future. |
|                               | Pay<br>Period<br>No.   | Pay Period   |                    |      |                |   |
|                               | 13   | 7 Dec to 20 Dec 2017   |                    |      |                |   |
|                               | 22   | 12 April to 25 April 2018  |                    |      |                |   |

| Observation   | Effect  | Risk | Recommendation   | Management's<br>Response  |
|---|---|------|--|---|
| Completeness of Waste Disposal Income<br>The Council charges fees for waste disposals from<br>clients for dumping waste at Humpty Doo and Howard<br>Springs stations.<br>The weight at the weigh bridge is manually recorded and<br>updated in Council's facility software iWEIGH by<br>personnel at the waste stations. The Waste Station<br>Manager verifies the reports from iWEIGH on a regular<br>basis to check if there are any anomalies.<br>However, there is no audit trail available to ensure a<br>review has been performed. There are no other Council<br>documents available to confirm that weights entered are<br>complete and accurate. | The lack of documentation and<br>approval increases the risk that<br>waste disposal income as recorded<br>in the financial statements is<br>incomplete. | Low  | <ul> <li>The Council should develop a formal process over the recording and review of waste disposal income.</li> <li>Potential controls to impose include:</li> <li>Tickets automatically produced from the scales to verify the weight in the reports</li> <li>Segregation of duties between the employee weighing the waste and the employee recording it</li> <li>Regular documented reviews of the weigh reports</li> <li>Cash takings to be stored in a secure area and banked frequently</li> </ul> | The weigh bridge scales do not<br>produce printed tickets or reports. The<br>amount viewed on the scale is directly<br>inputed into the iWEIGH system. This<br>is the sole responsibility of one gate<br>keeper as only one gate keeper is<br>present at each waste transfer station<br>on a daily basis.<br>Waste Transfer Station end-of-month<br>procedures will be updated to ensure<br>the reports generated from the iWEIGH<br>system continue to be reviewed by the<br>Waste Manager and it is ensured these<br>reports are signed and verified so an<br>adequate audit trail is maintained. |

# Appendix B – Communication with those charged with governance

There are certain communications that we are required by Australian Auditing Standards to provide to those charged with governance. These are detailed below for management, the Council and the RMAC's reference:

| Terms of engagement  |  |
|--|--|
|  |  |
| Confirmation by the Management of acceptance of terms of engagement  |  |
| MP to provide a copy of the engagement letter  | Engagement letter                                |
| Planning and audit approach  |  |
| <ul> <li>Communication of the planned scope and timing of the audit including any<br/>limitations</li> </ul>   | Audit Plan                                       |
| Significant findings from the audit  |  |
| <ul> <li>Our view about the significant qualitative aspects of accounting practices<br/>including accounting policies, accounting estimates and financial statement<br/>disclosures</li> </ul> | Audit Letter to Those<br>Charged with Governance |
| Significant difficulties, if any, encountered during the audit   |  |
| Significant matters, if any, arising from the audit that were discussed with<br>Management   |  |
| Written representations that we are seeking  |  |
| <ul> <li>Expected modifications to the audit report</li> </ul>   |  |
| <ul> <li>Other matters if any, significant to the oversight of the financial reporting<br/>process</li> </ul>  |  |
| Misstatements  |  |
| Uncorrected misstatements and their effect on our audit opinion  | Audit Letter to Those<br>Charged with Governance |
| The effect of uncorrected misstatements related to prior periods   | Charged with Governance                          |
| A request that any uncorrected misstatement be corrected   |  |
| In writing, corrected misstatements that are significant   |  |
| Fraud  |  |
| Enquiries of the Council/RMAC to determine whether they have knowledge of<br>any actual, suspected or alleged fraud affecting the Council  | Audit Letter to Those<br>Charged with Governance |
| Any fraud that we have identified or information we have obtained that indicates that a fraud may exist  |  |
| ▲ A discussion of any other matters related to fraud   |  |

| Required communication  | Reference  |
|---|--|
| External confirmations  |  |
| Management's refusal for us to request confirmations  | Audit Letter to Those<br>Charged with Governance                   |
| Inability to obtain relevant and reliable audit evidence from other procedures  |  |
| Consideration of laws and regulations   |  |
| Audit findings regarding non-compliance where the non-compliance is material<br>and believed to be intentional  | Audit Letter to Those<br>Charged with Governance                   |
| Enquiry of the RMAC into possible instances of non-compliance with laws and<br>regulations that may have a material effect on the financial statements that the<br>RMAC may be aware of.                    |  |
| Independence  |  |
| Confirmation that we have complied with the Local Government Act, and our professional judgment, including  | Audit Plan and Audit<br>Letter to Those Charged<br>with Governance |
| A statement that the engagement team and others in the firm as appropriate,<br>the firm and, when applicable, network firms have complied with relevant ethical<br>requirements regarding independence; and |  |
| All relationships and other matters between the firm, network firms, and the<br>entity that, in the auditor's professional judgement, may reasonably be thought<br>to bear on independence;                 |  |
| The related safeguards that have been applied to eliminate identified threats to independence or reduce them to an acceptable level.  |  |
| Going concern   |  |
| Events or conditions identified that may cast significant doubt on the Council's ability to continue as a going concern, including:   | Audit Letter to Those<br>Charged with Governance                   |
| Whether the events or conditions constitute a material uncertainty  |  |
| Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements  |  |
| The adequacy of related disclosures in the financial statements   |  |
| Significant deficiencies in internal controls identified during the audit   | Audit Letter to Those<br>Charged with Governance                   |
